

**Anti-Doping Programme**

It is the Organizing Committee’s responsibility to deliver an Anti-Doping programme. This Anti-Doping programme shall be in accordance with the scope, the size and the make-up of the Event.

If the event is the IBSA World Games or a ranking or qualifying event where the results will go towards athletes qualifying for a Paralympic Games, then the Anti-Doping programme must include Sample Collection and Testing conducted in compliance with the World Anti-Doping Code (WADC) and the WADC International Standards for Testing (IST). The Anti-Doping Programme should also contain education for athletes and their support personnel not limited to providing information on the Prohibited List and Therapeutic Use Exemption application procedure.

If the results of this event have no bearing on whether athletes will qualify for a Paralympic Games, the Anti-Doping programme must, as a minimum, promote anti-doping education, in accordance with the scope, size and make-up of the Event.

<b>1. Is the event IBSA World Games or a ranking or qualifying event for the Paralympic Games?</b>	<b>Yes (go to question 2)</b>		<b>No (go to question 12)</b>	
<b>2. Name of Doping Control Service Provider</b> (Organization effectively conducting Sample Collection, for example the National Anti-Doping Organization in your country)
