1. Introduction

1.1 Purpose of the Guide

The Seoul 2015 IBSA World Games Accreditation Guide has been made by the Seoul 2015 IBSA World Games Organizing Committee(SWGOC) to ensure the accreditation of eligible personnel with the IBSA World Games Identity and Accreditation Card(IWGIAC), allowing them access to specific zones to perform their official functions.

This guide also contains detailed provision of the accreditation process including production, issuance and categories of IWGIACs, as well as its valid terms and range of use. It aims at facilitating the work for participating IBSA member countries as well as relevant organizations. In addition, this Guide provides the practical guidance for SWGOC in its preparatory work for the Seoul 2015 IBSA World Games.

1.2 Overview of Accreditation

The purpose of accreditation is to identify individuals and their roles at the Seoul 2015 World Games, while allowing them to have the necessary access to perform their roles.

Accreditation is not an external sign of a privileged status but is a necessary working tool to manage the large number of people participating in the Seoul 2015 World Games, facilitating their movements in a flexible and secure fashion.

Accreditation :

- Ensures that only the appropriately qualified and eligible people are entitled to participate in or perform official functions at the Seoul 2015 World Games.
- Limits participants' access to the areas they need to go to perform their official functions and keeps unauthorised people out of secure zones.
- Assists participants in reaching their assigned areas in a safe and orderly manner.
